OPEN SUBMITTALS

Given the bulk delivery of submittals and lack of an acceptable Submittal Schedule, submittals will be reviewed in the priority order defined weekly by the G.C. Non-priority submittals will be reviewed as time permits, and review may exceed the 15 / 30 day statutory limits in Massachusetts General Law. Non-priority submittals that are more than 15 days in review will not be given priority over other submittals unless their status is change to a priority submittal by the G.C. D+W will use best judgment in review of non-priority submittals when time permits, unless an acceptable submittal schedule is provided. No claims for delays will be considered based on the G.C.'s prioritization of submittals and impact on non-priority submittal review time.
